WHAT CAUSED THE FATAL COLLISION? States District Court, on the trial of which the facts in relation to the collision between the steamers Thing-valla and Geiser near Newfoundland on August 14 will be reviewed by Judge Brown. The collision resulted in the loss of many lives. The suit is brought by the Insurance Company of North America against both vessels to recover the amount of the insurance on eighty barrels of syrup which were lost in the Gelser. The libet declares that those in charge of both vessels were at fault in maintaining high speed and not keeping proper lookouts.

It affords an opportunity for the who desire handsome, well-made and perfectly-shaped clothing that should be embraced. The recent increase in the business of the firm's wholesafe and retail departments has been tremendous, and to give it a further boom they have decided to sell their entire wholesale re-serve stocks of men's, youths' and boys' suits in their retail store, thus giving the retail buyer the benefit of the closest prices on every garment throughout the store.

EASTERN AND WESTERN JOCKEY CLUBS HAR-

the Work of Desconesses."

MONIZE BEAUTIFULLY AND DO GOOD WORK. Mr. Withers, the sage of Brookdale, the autocrat of Monmouth Park, the Admiral Rous of the American turf, has agreed to everything and the Westerners are delirious with joy. There is not going to be any attempt to place the racing interests of this country under the control of a National organization. The Eastern clubs would never listen to a scheme like that. But as guests of the Turf Congress they have chatted over bourbon with the Kentuckians, over Pilsner with the Minnesotians, over Anheuser Busch with the Missourians, over Hathorn water with the Saratogians, over Peoria tanglefoot with the Chicagoans, and have come to the conclusion that the weights must be raised, forfeits must be paid, jockeys must be ilcensed, and bookmakers brought

The Congress Committee on Conference, M. Lewis Clark, Colonel and Pooh Bah of the Louisville Jockey Club; General J. F. Robinson, of Lexington, and Secretary J. E. Brewster, of Chicago, harmonized beautifully with Messrs. Withers, Dwyer, Lawrence, Hunter and Wheatly, representing Monmouth, Graves-end, Sheepshead Bay, Jerome Park and Saratoga, for several hours yesterday, in the rooms of the Coney Island Jockey Club, and came to an amicable under-

standing, as follows:
In races exclusively for two-year-olds the weight (now 115) shall be raised to 120 pounds.

In races exclusively for three-year-olds, the weight

(now 118), shall be raised to 122 pounds. (This means the ultimate raising of the whole schedule.)

Two forfeit clerks shall be appointed, one for the East and one for the West, whose duty it shall be to collect all forfeits and turn over the cash to the treasurers of the various clubs, thus relieving secretaries of a heavy burden and responsibility.
All jockeys shall be licensed, but whether before

they win a race or after will be definitely decided today, the conferees holding different views on this point.

Bookmakers shall be handled in some way without gloves, but just how and in what manner future conferences must decide. Colonel Clark would require them to pay \$100 a day for the privilege of milking the public. John Hunter would charge them \$50. The other conferees would like to make the fee \$60, \$70 or \$80. More thought is required for a nice adjustment of these differences of opinion. Something or nothing may be done to-day. Rookmakers swarmed in Captain Conner's hostelry last night hungering for

a morsel of comfort-which they didn't get. Newspaper men swarmed there too, finding four hours' agreeable entertainment in the absurd and ludiefforts of the high and mighty to persuade the

conference.

Other Important matters are to be discussed to-day at noon, when the entire Congress meets the Eastern men in the rooms of the Coney Island Club. The doings of yesterday will probably be ratified then, the several clubs in the meantime empowering their delegates to act as it seems best to them. At yesterday's meeting Philip Dwyer was the only representative whose action was the action of his club.

FOOTBALL BEGINNING IN EARNEST.

HARVARD'S BACKS AND PRINCETON'S RUSHERS READY FOR THE ONSLAUGHT.

Harvard and Princeton will play their annual football game to-morrow at Princeton. This is the first of the three great games of the season, and it is said arade on Mondey night.

Professor Henry M. Baird read a paper on "The beginned to the second by the Description of the Law Building, Columbia Colery of America in the Law Building, Columbia Colerowd. The Princeton men seem to think that the strength and weight of their rushers will decide the contest, but there is a rumor from Cambridge that the crimson rushers are playing about as well as they did last year. Princeton men concede that Harvard A Dercenesses' Home is to be established at once in has a fine set of backs, but vard certainly does not view with any com-placency the fact that Irvine, Mowray and S. A football man said yesterday that he thought the chances were about ten to nine in favor of Princeton, because the game would take place on Princeton's grounds. A large crowd will go from this city, tak ing the special train which starts from the Desbrosses and Cortlandt sts. ferries at 12:30 p. m., instead of 11:30 as was incorrectly stated yesterday in some of the papers. The game will be called at 2:30 p. m. The lateness of the hour has been criticised, because it is feared that darkness may stop the game as it did two years ago in the Princeton-Yale game. But if the players are prompt the game will begin on time. A special train will leave Princeton at 5:30 p. m. for Princeton men here have greatly sided the undergraduates in providing accommodations for a large crowd. A new grand-stand has been built, a caterer secured and preparations have been made for from

Yale holds to the constitution of the association, which provides that the deciding game shall be played here, and claims that Harvard's point is purely a technical one.

HARVARD WILL PLAY ONLY IN CAMBRIDGE. Boston, Mass., Nov. 15.—The Harvard football management have informed the Yale team that Harvard will play the Thanksgiving Day game only in Cambridge. Yalo's representations a year ago, Harvard convinced them that if they would play in New-York that year Yale would consider the game as played New Haven, and would play the Thanksgiving game of 1888 in Cambridge. The Harvard management take this ground in view of the promises made by Yale last year and because the Harvard faculty have forbidden the playing of games in New-York.
